COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet *does cure* all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" *in time* and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

REPORTED ELOPEMENT.

Henry Shackelford Davis, who is reported to have eloped to Cincinnati with Miss Norma Ashby, of Culpeper, Va., and to have been married in that city Thursday, was formerly an assistant in the office of District Attorneys Fellows and Olcott, in New York county, and later a member of District Attorney Backus's staff, in Kings county. His home is in Columbia Heights, Brooklyn. He is 36 years old.

Davis married Miss Harriet Ramsdell, of Brooklyn, in 1902. His mother brought suit to have the marriage set aside on the ground that the young bride abducted her son while "he was insane, irresponsible and incompetent to enter into the marriage relation." His mother is a lawyer. Davis was sued by his wife, and she obtained a divorce.

Davis's brilliant work as prosecutor of arson cases attracted attention while he was in the district attorney's office. He was arrested in June of this year on a charge of grand larceny in the second degree on complaint of Ezra Marvin, the safemaker, who complained that the lawyer had stolen tools from his house at Riverhead. The case fizzled out. Davis wrote several novels, of which "The Lost King" is the best known. He shares offices with Michael Delphin Delmas, the erstwhile Thaw lawyer, in the Equitable building, and is well known in club life and literary circles. He is said to be a scion of the well-known Shackelford family of Virginia.

WIFEBEATER WHIPPED.

Alderman L. A. McKelvey, of Hazleton, Pa., yesterday handcuffed a chronic wife-beater to a post in the street and horse-whipped him in the presence of an approving crowd until the fellow begged for mercy. The victim of this novel punishment is Louis Sambolis.

The evidence showed that he was lazy, dissolute and brutal, that he made his wife pick coal at the culm banks and then sold the coal, and that he frequently beat her. For the last 10 days or so he has beaten her every day, until long-suffering as she is, she could stand it no longer and had him arrested.

"A fine or imprisonment will do such a brute as you are no good," exclaimed the Alderman. "I am going to give you the punishment you deserve."

He led the man to a tie post in front of his office, made him remove his coat and then handcuffed him to the post. Seeing what was going to happen the crowd cheered. McKelvey took off his own coat, a bystander unbuckled his belt and handed it to him. McKelvey plied the strap vigorously and long, and Sambolis was crying for mercy sometime before the Alderman thought he had enough. When he ceased the thrashing he made Sambolis swear to his wife that he would treat her kindly in the future, and sent him home.

I'll stop your pain free. To show you first—before you spend a penny—what my Pink Pain Tablets can do, I will mail you free, a Trial Package of them—Dr. Shoop's Headache Tablets, Neuralgia, Headache, Toothache, Period pains, etc., are due alone to blood congestion. Dr. Shoop's Headache Tablets simply kill pain by coaxing away the unnatural blood pressure. That is all. Address Dr. Shoop, Racine, Wis. Sold by E. S. Leadbeater & Sons.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

FAITH CURIST SENT TO JAIL.

Clarence W. Bryne, of New York, who was recently tried and convicted on charges growing out of his failure to employ medical assistance for his six-year-old daughter, who died of pneumonia, was yesterday sentenced to 30 days' imprisonment by the Court of General Sessions.

The defendant's excuse for not calling a medical practitioner during his daughter's illness was "want of faith in medical doctors" and reliance upon the efficacy of the religious faith to which he belongs. The court held the sole question before it to be whether the omission to furnish medical attendance under the circumstances constituted a "lawful excuse," and in a lengthy decision says:

"To answer that question in the affirmative by granting the motion in arrest of judgment would establish a precedent that might be extremely vexatious in other directions. An individual of some other cult, with equal plausibility and earnestness, could plead disbelief in educational methods as an excuse for not sending children to school; could withhold food, clothing and shelter, leaving each, as a part of his religion, to be furnished through the same or similar agency."

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free at Gibson & Timberman's and W. F. Creighton & Co's.

What is medicine for? To cure you, if sick, you say.

But one medicine will not cure every kind of sickness, because different medicines act on different parts of the body. One medicine goes to the liver, another to the spine, Wine of Cardui to the womanly organs. So that is why

Wine of Cardui

has proven so efficacious in most cases of womanly disease. Try it.

Mrs. Wm. Turner, of Bartonville, Ill., writes: "I suffered for years with female diseases, and doctored without relief. My back and head would hurt me, and I suffered agony with bearing-down pains. At last I took Wine of Cardui and now I am in good health." Sold everywhere, in $1.00 bottles.

COLLAPSE OF STRIKE.

The strike situation in Belfast, Ireland, last night was much more hopeful. Although the hotheads still talk of defying the authorities, among the cooler men there appears to be a greater spirit of compromise.

When the constables paraded yesterday to the various barracks to receive their weekly pay there was not a murmur of discontent.

The trade disputes also are in a fair way of settlement. It was stated yesterday afternoon that the disputes of both the coal men and the carters had been settled.

The coal men arrived at a compromise with their employers on the basis of an increase in pay and the men abandoning the demand that their employers must recognize their trades union. The carters' conference adjourned until this morning, when it is expected their problem also will be settled.

Alexandria Gazette AND VIRGINIA ADVERTISER

SATURDAY EVENING, AUGUST 3, 1907.

STATE SENATOR MACHEN made an earnest effort for the publication of his proposed amendments to the new constitution, but failed after three judges had refused to grant a mandamus and he returned to his home in this city last night. The last legislature passed two resolutions providing for amendments to the constitution, one for a longer session and the other to do away with roll calls on unimportant bills. Clerk Williams, of the Senate, has declined to publish them on account of certain irregularities of the entry on the journal of the State Senate, the resolutions having been entered by title instead of in full, as required by law. All three of the judges and Attorney General Anderson sustain Clerk Williams in his contention, and the resolutions are void. It is probably just as well that the matter turned out as it did. But few people want longer sessions of the legislature, and while a bill might be unimportant to one man it might be very important to another, so who would be the judge? All is well that ends well.

ALABAMA, TOO, has come under the spell of the policy of prohibition which has come over so many of the southern States. A bill to forbid the manufacture and sale of alcoholic beverages was made a special order by the unanimous vote of the House of Assembly, and may be enacted at the present session, though it may prove impossible to put it through the senate at this late day. The Philadelphia Record says the phenomenal advance of prohibition in the South bespeaks a remarkable change of sentiment—if the movement can be ascribed entirely to a spirit like that which swept over the New England and many other northern States fifty years ago and left Maine premanently "dry." But there is reason to believe that that the criminal propensities of negroes addicted to drink have given a powerful impetus to the movement to abolish tippling in Dixieland.

BERNARD SHAW, in his recent essay, "First Aid to Critics," makes the startling paradox that "the universal regard for money is the one hopeful fact in our civilization, the one sound spot in our social conscience," while poverty he describes as "the chief crime, worse than murder." He goes on to explain that money is a curse "only when it is cheapened to worthlessness for some and made impossibly dear to others." Instead of spending so much time and energy upon catching and punishing our so-called criminals, Mr. Shaw asks if it would not be better to painlessly kill every adult with less income than $1,800 a year, and at the same time fatten and clothe every hungry and naked child. Such utterances as these will provoke the inquiry: "Is Mr. Shaw a knave or a fool?"

AN EFFORT is being made to induce Governor Swanson to call an extra session of the legislature to take up the railroad rate matter, and he stated yesterday that if the State Corporation Commission requested him to call the body together for this purpose he would do so. It is hoped that both the Governor and the State commission will see the folly of putting the State to the expense of fully $30,000 for such a session when within five months the legislature meets in regular session and that will be ample time to consider the question. Besides the whole matter must eventually go to the Supreme Court and until that tribunal settles the questions involved all of this fuss and flurry is unnecessary.

THE threat of increased coal prices—following upon dearer bread and meat, higher taxes, rent and raiment—is calculated to strike terror to the hearts of housekeepers. Big prices for all the necessaries of life may be breeders of prosperity for producers; but there comes a time when consumers are no longer able to stand the pinch, and then prosperity comes to a sudden halt. This country is nearing the point when the rule of "live and let live" will assert itself. The coal miners and coal dealers should make a note of the situation and go slow.

A DISPATCH from Somerville, N. J., says that the first strike on the new $400,000 courthouse occurred yesterday when the masons walked out because Foreman McLloyd discharged one of their number for waisting too much time begging a chew of tobacco from his fellow workers. The contractors recently prohibited smoking among the men during working hours, but no rule exists regulating the length of time that should be consumed in borrowing a chew of tobacco. A sympathetic strike may be declared.

A DISPATCH from the Hague says it has taken the peace conference six weeks to develop openly its possibilities of a theater for diplomatic intrigue. The almost insuperable difficulty of making any practical progress in the commissions, has resulted in some of the important members turning their minds to the political uses that can be extracted from their discussions. This peace conference is rapidly developing into a farce.

From Washington

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 3

Representative Charles E. Townsend, of Jackson, Michigan, joint author of the Esch-Townsend bill, which was the fore-runner of the present railroad rate law, and the member who was chosen by the House committee on interstate and foreign commerce to lead the fight for rate legislation on the floor of the House, has prepared for the united press a timely discussion of the rate situation with particular reference to conditions in North Carolina and other states where there is conflict between the States and federal authorities. Mr. Townsend concluded his articles as follows: The railroad agitation now extant ought to be crystalized into a policy at once fair to the railroad and just to the people. In my judgement this can only be brought to pass by one uniform plan or law, and that adopted and enforced by the general government. If this is not done and each state is permitted to regulate a portion of the interestate system in what seems to be its own interests, but without regards to the rights and interests of others there will be no such thing as equality and justice.

The federal government is thoroughly aroused to its responsibility in reference to interstate commerce and there will be no steps backward. If the carriers should foolishly persist in fighting just regulation, an appraisal and valuation of their properties by the government may be necessary in order that it may be known whether more than a just return upon their investment is being exacted from the people, and it is more than possible that all carriers may be forced to incorporate under a national law. The North Carolina incidents are hastening the day and it seems certain that capital stock of carriers to be issued in the near future will be confined to property as a real tangible basis of value. Until the present law has been fairly tried, I am expecting any great or radical changes in it.

The record of a million cubic yards of excavation per month on the Panama Canal, for which engineers have been striving, has been reached and passed. Cable advices from Panama to the offices of the Isthmian Canal Commission in this city today announce the fact that during the month of July last a total of 1,058,776 cubic yards of material was dredged out of the canal channel. The news of the achievement was received with great satisfaction by the canal officers here. It not only is the largest month's work done yet but, if the record is kept up, as there is every reason to expect that it will be, it means that the canal will be completed within the time calculations of the engineers, that is to say in about five years.

The United States has money coming to it from Spain. It will be news to most people that Spain has been in our debt for the last seventy years or more and it may come something like a shock to learn that the debt is about to be paid, despite the fact that a war has occurred between the two countries in the meantime—a condition which usually vitiates all contracts and obligations. The State Department today made public a translation of a royal decree signed by King Alfonso, of Spain, June 16th last, authorizing the minister of finance to pay to the United States the debt acknowledged by the convention between Spain and the United States in 1834. In that convention the Spanish government promised to pay a balance due for damages done to American shipping and commerce amounting to 12,000,000 "rials vellon," which is $600,000 in American money, "in inscriptions of perpetual rentes."

A petition will be presented to President Roosevelt next week, asking that the Chinese exclusion laws be repealed. The document is in the hands of M. D. Kercheval, of Sacramento, representative of the International Equity League, of California, composed largely of fruit growers who want to use Chinese coolies as laborers in their orchards. After stating that Chinese labor would increase the products of the state, and therefore increase the opportunities of employment of white labor in the transportation and distribution of such products, the petition says: "To save California from the decadence of her industries related to the soil, we demand admission to this state, in equal numbers, of Chinese and Japanese free laborers, and to the enforcement of this demand we pledge every energy and effort that the extinct of self-preservation can call into action."

Today's treasury statemsnt were: Receipts $1,779,340; expenditures $1,930-000.

U. S. Minister Beaupre has reported to the State Department that on a re-examination of the consignment of American deviled ham which was refused admission to the Argentine Republic on the ground that it contained no boax in harmful quantities the experts of that government have discovered that it contains absolutely no borax and the consignment has been admitted.

Fire which started in the developing room of a photographed gallery, damaged the Hudson Building, 932-934-936 F street, northwest, early today to the extent of $10,000. A number of officers in the building were damaged and the store below suffered from water.

TALK OF EXTRA SESSION.

If the Corporation Commission maken the request Governor Swanson will order an extra session of the legislature to deal with amendments to the constitution concerning the two-cent rate case. Commissioner Henry C. Stuart said in Richmond, yesterday, that, in the absence of his colleagues, he did not care to discuss the matter. The State's counsel were in conference yesterday to discuss procedure in the two-cent rate matter. The fact that Mr. Broxton expects to sail for Europe next week makes it important that a plan of procedure be adopted speedily.

Senator Daniel was in yesterday's conference. It was understood that nothing definite was decided and that another conference will be held today.

A dispatch from Richmond says:

According to the best legal authority, there are only two things possible for the State to do. One of these is to call the special legislative session now under contemplation, and the other is for the commission to violate the injunction of the Federal court by publishing the 2-cent rate order, thus making it a State law and putting it up to the State authorities to enforce the ruling in a manner similar to that which was recently so successful in North Carolina.

News of the Day.

Earl Spaulding, aged 11, son of a farmer residing in Watertown, N. Y., accidentally hanged himself yesterday while performing tricks on a swing. When found he had been dead several hours.

In a fire which destroyed the plant of the Fleischmann Company in Baltimore yesterday and did about $20,000 worth of damage four firemen were painfully hurt, two by falling off a ladder and two by being cut by falling glass.

Five persons were drowned Thursday night by the capsizing of a launch in the Des Moines river near Ottumwa, Iowa. The party started out on a pleasure trip. The boat drifted over a dam and crashed on the rocks below.

Senator Ben Tillman, opening the Coshocton Chautauqua, at Coshocton, Ohio, yesterday, before 2,000 people, replied to Senator Foraker's Belle Fontaine speech, and formally challenged him to a debate on the negro question.

Twenty bathers were caught in a whirlpool caused by shifting currents at Atlantic City yesterday afternoon, and eleven were brought to shore unconscious by life guards after a terrific battle with the sea. Others were rescued by volunteer guards.

The factory of Charles T. Foster & Co., manufacturers of burlap bags, 921 south Wolfe street, Baltimore, was almost totally destroyed by fire late last night, and the loss will probably exceed $100,000. Of that amount $40,000 represents the cost of the building, which was a four-story structure of the old style and exceedingly substantial.

That there will not be a strike of miners in the Pittsburg, Pa., district at this time was practically conceded yesterday evening at the adjournment of an all-day conference between President Feehan, of Distict No. 5, of the United Mineworks of America, and officials of the Pittsburg Coal Company. It is understood that the formal announcement of peace will be declared today and 15,000 miners in the Pittsburg district will be allowed to continue at work.

Bishop Henry C. Potter, of the Protestant Episcopal Church of New York, spoke on "The Church and Social Unrest" at Chautauqua, N. Y., yesterday. The causes for the social unreast of the country, Bishop Potter said, are popular education, the industrial revolution and extravagance in expenditures. He declared that there can be no more righteous arraignment of the church today than upon its indifference to the physical, mental and social needs of the working people. The church should be related by profound sympathy to social problems said Bishop Potter.

Charles F. Murphy, the leader of the Tammany Hall, has brought suit against the Broadway Magazine for $50,000 damages. A statement was made that Murphy received business contracts in return for his sanction of public franchises and other private enterprises.

Virginia News.

Burglars entered the residence of Mrs. Mildred Davies, at Manassas, Thursday night and procured the sum of $8.55 from the pockets of Messrs. J. Jenkyn and John J. Davies.

It is now stated that the great government pier in front of the exposition will be completed during the latter part of this month. This gigantic structure, the problem of building few understand, will remain an enduring monument to those who have erected it.

Charles N. Thompson, of the mercantile firm of Laycock &. Thompson, Hamilton, Loudoun county, and principal of the Jefferson public school of Washington, has been sued for maintenance by his wife, Mrs. Jessie E. Thompson, who was prior to her marriage a Miss Elliott, of that city. They were married on December 7, 1905. Cruelty and abusive conduct are alleged for grounds of the proceeding.

Herbert Vanderberry, seven years, old, was shot while bravely attempting to protect his aunt, Mrs. Jane Hogshire, from a negro highwaymen in Norfolk yesterday afternoon. The negro demanded Mrs. Hogshire's purse, leveling a revolver at her. The boy stepped in between the man and his aunt. The negro fired, the ball shattering the boy's right arm. The negro then grabbed the woman's purse and ran, pursued by a half dozen men, but escaped.

A reliable estimate of the apple crop in Frederick county this year puts it at 65,000 or 70,000 barrels, which represents one-third of the total crop, which is in the neighborhood of 200,000 barrels. Extremely high prices are prevailing in Winchester for apples this season, many local fruit growers having already been offered $2 per barrel for their apples as they hang on the trees. Orchards are being held for still higher prices. Many of the apples grown in Frederick county are shipped to Europe.

THE MISSISSIPPI ELECTION.

Returns at 10 o'clock last night show a considerable reduction on the majority of Congressman Williams over Governor Vardaman in the contest for the Mississippi senatorial nomination. Vardaman polled an unusually heavy vote in the country precincts and, as these districts report, the contest is becoming closer.

Williams unquestionably carried 25 counties and Governor Vardaman seven counties. The Williams campaign committee concedes 18 counties to Vardaman. No definite figures as to the final result have yet been issued.

A special from Jackson, Miss., says that Governor Vardaman issued a statement yesterday, saying he is not willing to concede defeat, and that he believes he will be a winner by a small majority in the race for United States Senator. Returns have been very slow, owing to efforts to tabulate full county returns before sending in reports. At the headquarters of Williams a majority of 12,000 is claimed. Vardaman lost his own county of Laflore by a small majority.

Returns received at Jackson early last night have caused the Williams headquarters to reduce their estimated plurality to 6,500. Vardaman workers, with flattering reports from 24 counties, claim Williams is but 1,800 votes ahead, and declare there is a chance for Vardaman to win.

Eczema.

MR. MACHEN ON DIVORCE.

At the meeting of the State Bar Association at the Jamestown Exposition on Wednesday, State Senator L. H. Machen, of this city, read a paper on divorce. Discussing the proper age when young people should marry, Mr. Machen advanced the idea that common sense of the civilized world was advancing the marriage age, and said in part:

The reason is not far to seek. It is becoming more and more manifest that marriages should not be wholly the outcome of impulse or love at first sight, and entered into unadviseedly or lightly. On the contrary, it is recognized as being something with which the reason may rightfully concern itself. Boys and girls in the first flush of adolescence are prone to sudden and violent attachments, which usually subside with the cutting of their first wisdom teeth, More and more it is coming to be understood that men and women in selecting their life partners should exercise a certain amount of common sense and some slight degree of caution if mistakes of the most distressing nature are to be avoided. That maturity not only of the body but of the mind and character is necessary for making a wise choice in such matters must be admitted by all.

That such qualifications are not usually attained before the age of twenty-one most persons will admit. Then should that age be fixed by law as the marriageable age? Prehaps not; and yet it might be urged in favor of such a law that it would probably prevent many of the matrimonial mistakes resulting from the heedlessness of youth and might thus obviate the necessity for many divorces. It might be said that those who would be happy if married under that age would have character and self-reraine enough to wait until they reach their majority, while those marriages to which postponement would be fatal, would probably be unhappy in any event. The wisdom of parents, the circumstances of the parties, lack of opportunity and public opinion, all serve in most cases to postpone marriage to a proper age, but it is worth considering whether the State should not fix an age limit at somewhere near twenty-one for both sexes.

The marriageable age at common law was fourteen years for the male and twelve years for the girl. It is not generally known that this absurd condition is retained in Virginia by a statute (section 2254 of the Code), there having been no change in that respect since the Code of 1849. Nearly all the States have advanced the marriageable age beyond what it was at common law, Eight have fixed the age at eighteen years for the male, and sixteen for the female while a dozen more prescribe eighteen years for the male and sixteen years for the female. Of all parts of the United States, Alaska is the only one which requires the male to be twenty-one and the female eighteen. Perhaps that is as high a limit as public opinion will now tolerate.

It seems anomalous that the State should prohibit its children from making binding contracts as to most matters of small consequence, and should allow them, without restriction, to enter into the most solemn of all obligations, in whose faithful fulfilment the State is so vitally interested.

A girl may bind herself to a man until death or divorce separates them, but she may not bind herself to pay for an automobile which she has purchased. A boy may select a wife at an age when he is not deemed competent to help elect a justice of the peace.

It may be said that the law at present contemplates only the marriage of adults except in those cases in which the parent or guardian may give consent to the issuing of the license. But it must be clear that this system may work grave injustice both to the infant party and to the State. The parent or guardian may have a selfish reason for wishing the child married. The law does not permit a parent or guardian to consent to the execution by an infant of a deed or mortage of property of the slightest value. Why should the law allow such consent that the child may mortgage his or her future? Moreover, this consent is frequently given upon the impulse of the moment, without due consideration and under the fear of an elopement or of some other tragedy.

CONFERENCE REFUSED.

The board of governors of the Employers' Association of Washington, at a meeting yesterday afternoon, emphatically declined to hold a conference with the international officers of the seventeen building trades involved in the labor troubles of the capital city. The refusal was the result of a request made by the union officials Wednesday that the employers grant them a meeting to endeavor to adjust the grievances.

At a meeting of the labor officials to be held today, it is said that the response from the employers will be read, and officers of the several building trades unions say that a strike will be called Monday, which will involve every building in Washington now under course of construction by members of the Master Builders' Association.

The Master Builders have made arrangements to bring into Washington hundreds of nounion laborers, who will take the places of the striking union men should a strike be called. Advertisements have been running in the daily papers throughout the eastern and southern States, asking for nonunion men, and it is said that they have received hundreds of applications for work. The builders say they are prepared to carry on their work, even if every union man in Washington goes on strike.

AUTOMOBILE ACCIDENTS.

A west-bound car on the Detroit, Jackson and Chicago Electric Railroad struck an automobile containing five Jackson residents at Suttons Crossing, about three miles east of Jackson, Mich., yesterday evening. Mrs. Levi Palmer, Mrs. Emily Pulver, and Bernice Olivet were killed, the two last named instantly. R. Adelbert Oliver, a prominent business man of Jackson, who was driving the car, was probably fatally injured, while Mrs. R. A. Oliver, the fifth passenger, escaped with less serious injuries.

An automobile owned by Mrs. T. W. Hall, of New Canaan, Conn., and carrying Mrs. Hall, two friends, and a chauffeur, went over a twenty-foot embankment into a ditch near Bedford, N. Y., yesterday, Miss Ida Anderson, one of the party, was fatally injured. The machine was going at high speed at the time.

Today's Telegraphic News.

Vardaman Says He Has Been Elected.

Jackson, Miss., Aug., 3—Undiscouraged by unfavorable returns from the counties thus far heard from, Governor Vardaman insists he has been elected to the United States Senate by about 3,000 majority. He does not make this claim on the present returns, but on the majorities he expects in counties from which no advices have yet been received.

At the Williams headquarters a majority of about 5,000 is claimed. This estimate takes into consideration the admitted fact Vardaman will probably make up a part of his losses in the back counties. The Williams lead up to date is about 10,000.

Disinterested estimates generally give Williams the victory by a majority of about 2,500.

In the Governorship fight Scott leads with a plurality of about 5,000 over Noel with Brewer close behind.

Jackson, Miss., Aug. 3.— An official count will be necessary to determine the results of the sensational contest between John Sharp Williams and Governor Vardaman.

Both claimed victory today, Williams declaring he will have a majority of 1,700 votes after conceding to Vardaman all that he claims.

Vardaman asserted that he had won by about 2,000 majority.

The county executive committees are meeting to declare results officially.

The controversy probably will not be settled until the State executive committee meets next Thursday. E. F. Noel arrived today and announced that he was confident he had won in the contest for Governor.

Jackson, Miss., Aug 3.—A tabulation of all the counties of the State except Jefferson Davis county gives the senatorship to John Sharp Williams by a majority of 1,555 votes. It now seems certain that the present leader of the minority in Congress will be seated in the upper house of Congress.

The Haywood Verdict.

London, Aug. 3.—British weeklies are not entirely agreed concerning the justice of the verdict in the Haywood trial.

One paper takes practically the same unfavorable view of the jury's finding as characterized almost all the dailies immediately following the return of the verdict. It declares such a result one of many signs of a "thoroughly unhealthy body politic."

The Spectator says, however, it believes a British jury would have acted in the same way, distrusting the testimony of a self-confessed criminal like Orchard.

The Spectator refers to the widening of the chasm between capital and labor in the United States, attributing it to distrust of the courts and declaring it depressing to see how dependent the best Americans are of a final reform of their judicial system to which the Spectator says the country must look to prevent actual war.

Strikers and Police Clash.

Belfast, Ireland, Aug. 3.—A serious clash between strikers and the police occurred today, resulting in many casualties. Stoned by the mobs and attacked with clubs the police had to charge the rioters repeatedly before they could be dispersed. It is feared further clashes will follow.

Troops are now held in readiness to quell any outbreak. Two hundred and fifty of the rebellious constables who have slighted their duties were transferred to other parts of Ireland today.

The bitterness to the strikers has been aggravated by the dragging in of religious differences into the strike situation.

The fighting today broke out at noon when strikers tried to throw a carter and his team off the dock into the water. The number of casualties in the fighting which followed is not known.

Doomed to Die.

New York, Aug. 3.—Doomed by the Hunchakist to die, several wealthy Armenians are taken every possible precaution, but terrified by the fear that nothing can prevent their execution, they have made their wills and prepared for the worst. Until the real leader of the great international society of blackmailers, is captured no wealthy Armenain will be without fear. Each of the three men doomed to die today is surrounded by private detectives, but they cannot escape the haunting fear that the mysterious murderers "will find a way."

Detectives arrived today from Lowell, Mass., with Garabed Boghoosian, cousin of Bedros Khachadorian, who is in the Tombs prison charged with the murder of H. S. Tavashanjian. It is expected the prisoner will give important information to the police.

State vs. Federal Courts.

Birmingham, Ala., Aug. 3.—While there has been as yet no threats of a clash between State and federal authorities as in the North Carolina fight between the State and Southern Railway, lawyers here think such a conflict inevitable. President Finley, of the railway, is on his way to Birmingham and as soon as he arrives will certainly instruct the railroad lawyers to act in the matter of the revocation of the Southern's charter for violating the State law prohibiting the removal of civil suits from the State to the federal courts. The legislature is expected to rush through a bill now before it providing for a receiver for foreign corporations which may forfeit their charters or licenses.

Fish Trust and Railroad Indicted.

Chicago, Aug. 3.—The Federal grand jury today returned indictments against Booth & Co., the so-called fish trust, and the Lakeshore Railroad, besides a number of individuals as the result of an investigation which has occupied the attention of the government officials for several months. The charge is that, by means of a private car line known as the Trades Dispatch, Booth and Company secured rebates of approximately twelve per cent. on all its own shipments from the Atlantic seaboard as well as those of competing fish concerns.

DIED.

On Friday, August 2, 1907, at 11 o'clock p. m., Mrs. MARIA A. FLEMING, widow of Edgar S. Fleming. The funeral services will take place at the residence, No. 211 Cameron street, at 4:30 p. m. Monday. Friends and acquaintances of the family are invited to attend. Interment private.

Chinese Suspects Arrested.

Boston, Aug. 3.—Five Chinese have been arrested since midnight charged with taking part in the raid in Chinatown last night in which three of their countrymen were instantly killed and seven others wounded, at least three of them fatally. It was the worst massacre that ever occured in the Boston Chinese quarter.

At the bottom of it all is a woman, Ohe Fah Wong, a Chinese slave girl, the fame of whose beauty spread from Los Angeles to New York until it is alleged a rich Chinese merchant, member of the On Long Tongs, determined to buy her and sent as his agent to San Francisco Mong Duck, a Chinese actor. Mong Duck, according to rumors current today, was successful on his mission, but fell in love with the girl himself and soon after they reached New York he carried her off. His employer followed, and Mong Duck one morning was found murdered. As for Ohe Fah Wong, it is said she was beaten to death.

But Mong Duck belonged to the Hep Sing Tong, the great Chinese society, and there lies the trouble. Immediately his Tong set out to revenge his death on the On Long Tongs, and the trail of death runs through the Chinese quarter in New York and Philadelphia and today in Boston.

The police declare that last night's massacre was done by members of the highbinders, hired by the Hep Sing Tong to carry out its designs. Last night a tall Chinese, dressed in American clothes, suddenly appeared in Chinatown and without warning fired revolvers upon the Chinese who crowded the streets making merry in honor of "Old Home Week."

The man fired over 50 shots until the last celestial lay dead or wounded or had fled.

Joe Guey, said to be the highbinder leader, was arrested early today. Two others, said to be members of the gang, were also captured and two were arrested in Worcester after arriving from Boston by trolley.

Meeting of Czar and Kaiser.

Swingemunde, Germany, Aug. 3.—The extraordinary precautions taken to protect Czar Nicholas against assassination is the most notable feature, so far, at least, of the meeting at this port of the Russian ruler with Kaiser William. From the moment the Russian imperial yacht Standart arrived in German waters it has been under heavy guard. Unusual efforts will be made to see that the Czar encounters no danger from enemies.

The entire home squadron of the German fleet, consisting of thirty warships, surrounds the royal yachts Standart and Hopenzollern as they lie at anchor, and torpedo boats police the waters continually. While numerous entertainments and festivities in honor of the Czar have been arranged, they will all be carried out on the yachts and warships.

It has been asserted positively that there is no political significance attached to the meeting of the emperors.

Emperor William arrived two days ago to await his visitors. The entire home fleet was sent out to meet the Standart which was accompanied by several Russian warships.

As the great squadron came into sight Kaiser William signalled: "Welcome to Germany."

The Czar replied: "I am delighted to see you again." Then the German warships boomed out an imperial salute of 101 guns. Each ship saluted. Then the Russian vassels replied with similar salutes.

When they reached smooth water Kaiser William boarded the Standart. He embraced the Czar and kissed him on both cheeks and they retired to the cabin for a talk.

The French in Morocco.

Tangier, Morocco, Aug. 3.—Besides the French warship Galielle, now at Casablanca, the cruisers Conde and Du Chayla left Toulon for the same port, according to advices to the French military authorities here. The transports Nive, Mytho and Shamrock are also reported to be loading 2,500 troops at the same port. The French authorities are urging a landing at Casablanca and the severe punishment of the native chieftains responsible for the massacre of Europeans.

Paris, Aug. 3.—France is preparing to shift her Algerian troops to Morocco to assist in putting down the uprising of natives at Casablanca. Orders were sent today to Oran, capital of the department of Oran, for 800 soldiers to start immediately for Morocco. Their exact destination has not been made public.

Order Restored in Seoul.

Seoul, Aug. 3.—After an entire day's desultory fighting in the streets the Japanese troops have restored order in Seoul, at least temporarily.

Besides the 100 Japanese and Koreans killed in Thursday's and Friday's fighting at the Korean army barracks, it is understood at least 40 or 50 were killed and wounded in the street fighting yesterday, of these almost all were Koreans.

Fired by the dramatic suicide of a Korean major at the head of his battalion on receiving the order to disband, many Korean officers are taking the same method of protesting against the order terminating the native armies existence.

Japanese machine guns guard all the roads leading to the foreign consulates.

Four Brothers Arrested.

New York, Aug. 3.—Four brothers were arrested today on suspicion of connection with the foul murder of eight-year-old Katie Tietschler, whose body was discovered Thursday in a cellar on First Avenue, They are Italians named Espisite, and are said to have hired the cellar where the body was found. All deny any knowledge of the case, but the police believe they, at least, can give valuable information. Annie Nessner, the woman under arrest in connection with the case, was as stolid as ever today, and has refused consistently to answer questions.

Anti-Liquor Bills Signed.

Montgomery, Ala., Aug. 3.—All the anti-liquor bills passed by the last legislature have been signed but prohibition is dead for the session. The leaders of the prohibition movement say they will be able to put the traffic out of business under local option in most counties.

New York Stock Market.

New York, Aug. 3.—The market was weak all through the first hour and prices for nearly everything traded declined about one point from last night's closing prices.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Its action is positive and certain. Iching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by E. S. Leadbeater & Sons.

Charged with Non-compliance with Orders.

New York, Aug. 3.—Officials of the Interboorough-Metropolitan Traction Company will have to explain to the Public Service Board, Tuesday why they failed to comply with orders from the Rapid Transit Commission months ago that no part of the subway cars be made with inflammable material. Vice President Frank Hedley of the Interborough Company denies receiving a copy of the resolution, but said he would refer to the records for positive information.

President Shonts professed himself unable to explain the enormous variance from the figures showing the cost of construction and equipment of the various subsidiary roads in the system. As an instance he mentioned the Ninth Avenue Railroad as costing $43,920 a mile, while the Thirty-fourth street line cost $6,472,287. The cost of other roads varied all the way between the top and bottom figures. The investigation developed the fact that the stock of the so-called Belmont tunnel is owned by the Interborough Rapid Transit Company.

Inability to afford relief in transferring passengers from system to system was acknowledged by Mr. Shonts. He said great difficulty was experienced in getting satisfactory employes and the city's refusal to permit the employment of special policemen in the regular city uniforms was largely responsible for what Ivans termed "the horrors and brutalities at stations."

Shonts said the elevated railways were being run at a profit, but that otherwise the city lines show a debit, the amount for 1906 being placed at $2,886,305.

Standard Oil Company Fined.

Chicago, Ill., Aug. 3.—A fine of $29-240,000 was imposed upon the Standard Oil Company of Indiana by Judge Landis in the federal court here this morning. The company was charged with violating the Elkins act of 1903 by accepting a concession equivalent to rebates and shipping oil at six cents a hundred pounds when the published rate was 18 cents.

New York, Aug. 3.—Following the decision of Judge Landis fining the Standard Oil Company of Indiana $29,-240,000, President James A Moffatt today gave out a statement:

"The court having pronounced its judgment there can now be no impropriety in stating our position."

After giving a history of the issue from his standpoint President Moffatt said:

"The Standard Oil Company asserts that it is not even technically guilty and that it ought not to have been prosecuted because of the claimed failure of a railroad—which has neither been indicted nor prosecuted—to file its tariffs, and that the prosecution of this defendant is a prostitution of the high purposes of the Interstate Commerce act."

Predict Coal Shortage.

Cleveland, Aug. 3.—The northwest will suffer a more severe coal famine the coming winter than the record breaking one of last year, which cost many lives, according to large coal shippers of this city. It is declared that the inability of the railroads to supply the boats with enough coal and the great demand for ore, occasioned by the closing of the strike of the ore handlers, will bring about a far reaching shortage of the supply of fuel at the upper lakes.

With the best of fortune, and if all the hopes of vesselmen are fulfilled, the region out beyond the upper lakes will have from 3,000,000 to 5,000,000 tons of coal less than it will require, according to estimates made by prominent shippers.

Ohio shippers are rushing fuel to upper lake ports in every vessel they can charter. Since the opening of navigation shipments to the head of the lakes are considerably greater at this time than they were a year ago. Many boats, however, are tied up in the river here awaiting cargoes for the reason, according to one of the big shippers, that the railroads are not bringing in coal fast enough to load the ships.

Plan to Connect Rhone Valley With Marseilles.

Paris, Aug. 3.—The Minister of Public Works has approved the plan of the Department of Bridges and Roads for the construction of a canal to connect the valley of the Rhone with the port of Marseilles. As the hills separating the Rhone from Marseilles are too high to be surmounted by locks, the plan provides a tunnel seven kilometres long at a cost $6,-900,000, This tunnel, measured by the amount of dirt excavated, will be the largest in the world. The width of the canal, permitting two barges to pass at any point, together with the towpaths on either side, will be 66 feet, and the height will be 42 feet. It will thus involve the excavation of 2,-186,000 cubic metres, against 1,058,400 in the case of the famous railroad tunnel at Simplon, which is 21.6 kilometres long but only 24 feet wide and 18 feet high. The total cost of the Marseilles-Rhone canal will be $15,200,000.

Drove out Negroes.

Owensville, Ind., Aug. 3.—Twenty-five negroes employed in digging a ditch near this place were attacked by white men late Thursday afternoon and driven out of the township. The negroes had been brought here by a contractor, who had tried for weeks to get white men to work on a ditch without avail. When negroes were brought here none of the farmers would sell them provisions or house them, and a camp was established near the work. Supplies were brought at distance places and hauled to the camp. The farmers became indignant, and forty or fifty assembled Thursday afternoon and at sundown advanced upon the negroes. Stones were thrown and clubs freely used, while the negroes were deterred from defending themselves by men armed with revolvers and guns. Five negroes were badly injured. Four whites were arrested and gave bonds.

Eighteen Men Killed.

Berlin, Aug. 3.—Eighteen men have been killed and twenty-two injured, several of them severely, in a mining disaster at Hohnburg in south Germany.

REFUSED TO ISSUE WRIT.

Senator Lewis H. Machen, of this city, with Eugene Massie and Richard Evelyn Byrd to advise him in the capacity of counsel, yesterday morning made formal application to Judge Ingram, of the Law and Equity Court in Richmond, for a mandamus to compel John W. Williams, clerk of the House of Delegates, to proceed with the publication of his two amendments to the constitution passed by the last General Assembly and held up now because of a technical error in the recording on the State Journal. Contrary to expectations, Judge Ingram declined to issue the writ applied for, although Senator Machen had been given to understand that it would be issued. The action of Judge Ingram in refusing the writ was "without prejudice to the application of the applicant to some other judges." No record of the proceedings was made, and the matter can go to some other judge as if Judge Ingram had not passed upon it. Senator Machen stated yesterday afternoon that he would apply at once to Judge Mullen, of the Corporation Court of Petersburg, for the necessary writ but as Judge Mullen had gone to Pennsylvania the matter fell through.

Before applying to Judge Ingram Mr. Machen had applied to Judge Witt and subsequently to Judge Scott who also refused the writ.

RIVER NOTES.

The three-masted schooner Daylight, after having discharged her cargo of ice to the Mutual Ice Company, left yesterday for Georgetown, where she will be loaded with coal for a northern port.

The four-masted schooner Lewis H. Seward, from the Kennebec, with ice for the Mutual Ice Company, has arrived.

The schooner Ruth and Ella, loaded with lumber by H. K. Field & Co., has sailed for Rock Point, Md.

The barge Lily of the West, Capt. Sisson, is being loaded with lumber by Smoot & Co., for Fort Washington.

ON TRIP AROUND THE WORLD.

August Koehler, a sign painter, of Cincinnati, O., with his family, on a trip around the world in a one horse wagon, stopped at the Chatham Stables in this city, Thursday. He expects to make the trip in about seven years and will first make a tour of the United States. He says he is making the tour to benefit the health of his family and expects to support himself by painting signs as he goes through the country. He says he has made the entire trip from Cincinnati mostly along the old National road.

RAILROAD ACCIDENT.

An engine and nine cars of a freight train jumped the track between Linden and Happy Creek, on the Manassas division of the Southern Railway, yesterday afternoon and were thrown on their sides. The locomotive and cars were considerably damaged, but fortunately the members of the train crew escaped serious injury. Four men jumped from the top of the cars when the latter left the rails. A wrecking train was sent from this city and passengers were transferred at the scene of the run-off until the track was cleared.

HISTORIC ALEXANDRIA.

"Historic Alexandria, Past and Present," by Mr. Alex. J. Wedderburn, is now in circulation. This is undoubtedly the most complete history of Alexandria that has appeared. It seems to embrace everything connected with the city. The book abounds in illustrations, and the descriptions of the business of Alexandria, its historical associations and places of interest are written in an entertaining manner.

CAMP MEETING.

We have received an invitation from the officers of the Loudoun Camp Meeting Assembly to attend the 15th annual encampment of the association to be held at Benton's Woods, near Leithton, on August 16-25 and also to enjoy barbecues, fried chicken and other good things. These meetings are most enjoyable and are largely attended every year.

PERSONAL.

Mrs. R. W. Fuller has gone to Bluemont to spend a few weeks.

Mr. and Mrs. R. F. Dewoham have returned from a pleasant visit to Round Hill.

Mr. and Mrs. Albert Bryan have gone to Atlantic City to spend a few weeks.

Mrs. Lucy L. Lunt left today to spend a month at Bluemont.

Mr. and Mrs. George S. French left today to spend a week at Atlantic City.

Mr. Mahlon H. Janney has gone to Basic City to spend a few weeks.

Miss Robins, of Richmond, who is visiting friends in Del Ray will sing a solo at the Washington street M. E. Church South tomorrow night.

At the recent meeting of the State Bar Association the following were among the appointments made: H. B. Caton on admissions; J. M. Johnson on legislation and reform; L. H. Machen and R. W. Moore on international arbitration; C. E. Nicol on presentments, and G. L. Boothe on special committee on official court stenographers.

The exodus of Alexandrians to the summer resorts is now at flood tide.

Alderman W. W. Ballenger has returned from a week's visit to Atlantic City.

Mr. Horace B. Ramey left yesterday for a trip to Niagara Falls, Dansville, N. Y., and Atlantic City.

Dr. Crawford, Dean of the Episcopal Theological Seminary, near this city, left with Mrs. Crawford this evening, for Cobourg, Canada, his native town, where he expects to remain about two weeks. After that he will join the rest of his family, who also leave today for Clapboard Island, near Portland, Maine, the summer home of Mr. S. F. Houston, of Chestnut Hill, Philadelphia.

Mr. Cazenove G. Lee, who has been quite ill at his home, "Menokin," near the Seminary, is now out again.

Dr. Berryman Green, of the Seminary, and family are now in this city, having returned from Elkton, Va., on account of the serious illness of their nephew, Mr. Boylan Green, who is here at the hospital.

Mrs. C. E. Duffey and little daughter have returned from a pleasant visit to Woodstock, where Mr. Duffey is staying for his health.

State Senator Machen has returned from the Jamestown Exposition where he attended the meeting of the State Bar Association.

At the recent meeting of the State Bar Association at the Jamestown Exposition Mr. James R. Caton, of this city, was appointed a delegate to represent that association at the American Bar Association meeting in Portland, Me., on the 22nd instant.

FINED TEN DOLLARS.

Conductor Theodore Silance was before Justice Caton in the Police Court this morning charged with assaulting Palmer Lawler on a north bound electric train about 12 o'clock Thursday night near Braddock station. According to the plaintiff, the assault was unprovoked and his statement was corroborated by witnesses. The conductor however, stated that Lawler handed him a ticket dated July 12, and that he returned the same to Lawler. A colloquy followed, and in the meantime a friend of Lawler paid the latter's fare after the conductor had previously stated that he would stop the train and put him off. The conductor further stated that when he returned to the car Lawler, who was standing up, defied him to put him off the train and struck him. It was at this juncture that the conductor struck Lawler. Silance was fined $10.

DEATH OF MRS. FLEMING.

Mrs. Maria A. Fleming, widow of Edgar S. Fleming, died at her residence, No. 211 Cameron street, at 11 o'clock last night. The deceased had been critically ill for several weeks past. Mrs. Fleming was 72 years old. She was the daughter of the late Robert L White, of Alexandria. Mrs. Fleming had lived in this city during most of her life, and was esteemed by a large circle of friends and acquaintances. The deceased leaves four daughters—Mrs. James E. Johnston, Mrs. Charles L Fisher, Mrs. Chas. F. Thompson and Miss Mamie Lamar Fleming. Her funeral will take place from the residence Monday afternoon at 4:30 o'clock. The interment will be private.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Benjamin Cromer, colored, charged with disorderly conduct, was turned over to the authorities of Alexandria county.

James Cook, charged with disorderly conduct and fighting, was fined $5.

Theodore Silance, charged with assaulting Palmer Lawler, was fined $5.

George Green and James O'Brien, charged with fighting, were ordered to be escorted out of the city.

Lewis Phillips, charged with assaulting John Reever, was dismissed.

THE GAS WORKS.

It was stated a few days ago that a Baltimore syndicate had offered $650,000 for the Georgetown gas works. It is learned that some gentlemen from Baltimore and elsewhere had recently approached members of the Alexandria City Council light committee with a view of sounding them as to the probabilities of the sale of the Alexandria works. They were in every instance informed that the works were not for sale, and that no bid for less than $400,000 would even be considered or referred to the City Council.

SECOND PRESBYTERIAN CHURCH

Rev. Chas. L. Bragaw will occupy the pulpit of the Second Presbyterian Church tomorrow morning. Mr. Bragaw is assistant pastor of the First Church, Washington, and was one of the volunteers for the African mission at the time the late H. C. Slaymaker was sent. Rev. Donald MacLeod, who was called to the First Church, in Washington, after the death of Rev. DeWitt Talmage, will preach at night.

FENCE AT THE TUNNED.

At the suggestion of Mayor Paff, the Southern Railway, it is said, will erect an iron fence around the stone coping at the approach to the tunnel at the intersection of Wilkes and Fairfax streets. The fence will also extend for a short distance on both sides of the brick wall on Wilkes street. An employee of the company this morning took measurements for the proposed fence.

The excursion of the Ramblers' Club to Luna Park on Monday next promises to be an enjoyable affair.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not saying too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove York county, Pa. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

LOCAL BREVITIES.

Luther Carter has sold for J. Matthews a house and lot on Seminary Hill to A. Daniel, of Loudoun. Mr. Carter has also sold for G. T. Klipstein a house and lot on north Fayette street, to Mr. John Watkins.

There was an average supply of country produce in market this morning. Prices during the early part of the day were firmer than those which prevailed last Saturday, although as the morning advanced prices of some articles became weaker.

The Catholics of West Falls Church have just completed the Convent of Perpetual Adoration, a handsome brick edifice that cost $50,000. This convent will be under the charge of the sisters, and there is no doubt that this school will grow in popularity.

There was a refreshing northwest breeze at the close of yesterday. The sky was overcast with drifting clouds and there was considerable lightning after dark, although no thunder was heard. Later in the night there was a perceptible fall in the temperature. The weather today has been mild and pleasant.

Attention is called to the advertisement for a suite of rooms for rent.

William and John Henderson were arraigned before Justice Triplett, in Fairfax county, this morning charged with assaulting and using abusive language toward John Hartbower. The accused were fined $4.50 each. They were arrested by Constable A. J. Payne.

Franklyn, the infant son of Mr. and Mrs. R. B. Cobean, died at his parents' residence, 707 south Henry street, this morning.

ANGLO-RUSSIAN TREATY.

It is stated in Vienna on the best authority that the Anglo-Russian treaty has been signed and that official notification of the fact has been made to the powers.

The Anglo-Russia treaty, to which this cablegram refers, has been a subject of the most intense interest in the chancelleries of Europe ever since the close of the Russo-Japanese war. Almost immediately after the treaty of Portsmouth had been signed, it was rumored that Great Britain had made overtures to Russia for the settlement of the long outstanding differences betweenn the two countries. The internal disorders of the country of the Czar, however, postponed all consideration of foreign policy.

If an alliance, or even an entente, has been arrived at, British diplomacy will have added one more of its many triumps since the accession of King Edward. The way will be paved for an agreement between Great Britain's ally, Japan, and Russia in the far East. The Anglo-French entente will be materially strengthened and Germany will find herself still more isolated than she is at present.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

Rising from the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopthe liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 85c.

THREE CHINAMEN KILLED.

Burning with hatred for their deadly enemies belonging to the rival On Leong Tong society, a band of New York Chinamen, numbering a dozen or more, and said to be members of the notorious Hep Sing Tong organization, entered a narrow alley in Chinatown, Boston, last night, and, drawing revolvers, opened fire upon half a hundred Chinamen, killing three and injuring seven. At the first volley the Chinamen rushed for their quarters stumbling over one another in their haste to reach shelter. The Hep Sing Tong men chased their victims into their own doorways and shot them down. Then, casting away their guns, the strange visitors ran from the Chinese quarter, most of them escaping the police. The trouble is attributed by some to the shooting which occurred in Philadelphia recently, for which, it is said, Boston Chinamen were partially blamed. It is thought the Chinamen who did the the shooting in Boston last night came from New York to punish the On Leong Tongs for the Philadelphia outbreak.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Dsarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM. G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
